

EXPERIMENT 1- Pradeepkumar(192425016)

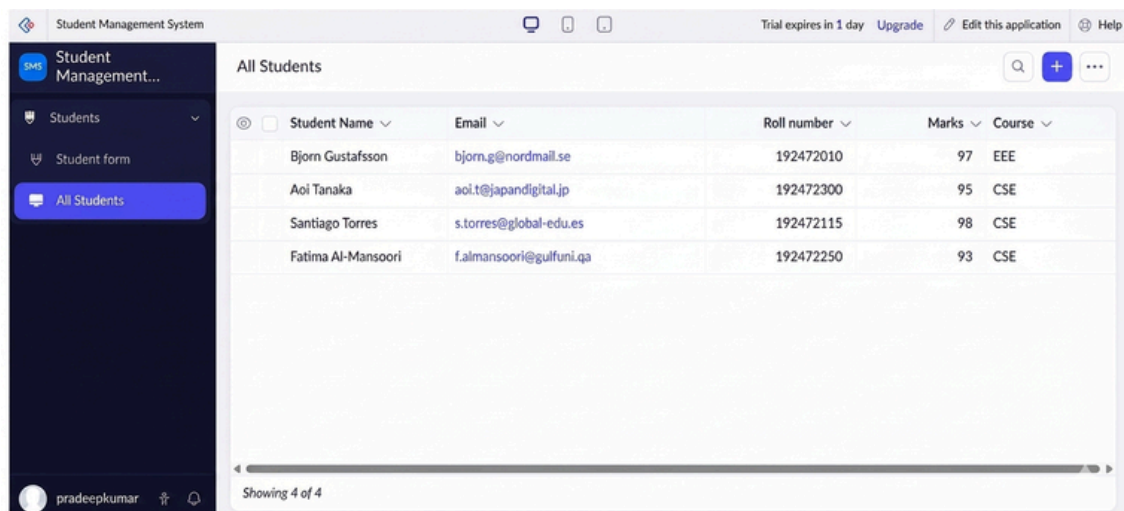

Student Management System

Aim: To create a cloud-based Student Management System using Zoho Creator and demonstrate Software as a Service (SaaS).

Procedure:

1. Login to Zoho Creator and create a new application.
2. Select Core System → Start from Scratch.
3. Create a Student Form.
4. Add fields:
 - Student Name
 - Roll Number
 - Email
 - Course (Dropdown: CSE, ECE, IT, MECH)
 - Marks
5. Configure field properties:
 - Make important fields mandatory
 - Set Roll Number as unique
6. Save the form by clicking Done.
7. Access the application and enter sample student data.

Output:

The screenshot displays the Zoho Creator interface for a 'Student Management System'. On the left is a dark sidebar with navigation options: 'Students' (selected), 'Student form', and 'All Students'. The main area shows a table titled 'All Students' with columns for 'Student Name', 'Email', 'Roll number', 'Marks', and 'Course'. Four sample student records are listed. The interface includes a top header with 'Student Management System', a trial expiration notice, and options to upgrade, edit, or get help. A bottom status bar shows the user 'pradeepkumar' and a 'Showing 4 of 4' indicator.

Student Name	Email	Roll number	Marks	Course
Bjorn Gustafsson	bjorn.g@nordmail.se	192472010	97	EEE
Aoi Tanaka	aoi.t@japandigital.jp	192472300	95	CSE
Santiago Torres	s.torres@global-edu.es	192472115	98	CSE
Fatima Al-Mansoori	f.almansoori@gulfuni.qa	192472250	93	CSE

Result: A cloud-based Student Management System was successfully created using Zoho Creator.
